## 1. Introduction

This is the official guide for the BigCommerce Adapter for SAP Integration Suite. This guide covers all relevant information for the installation of the BigCommerce Adapter.

Please read this guide carefully before using the BigCommerce Adapter.

### 1.1. Coding Samples

Any software coding and/or code lines/strings ("Code") included in this documentation are only examples and are not intended to be used in a productive system environment. The Code is only intended to better explain and visualize the syntax and phrasing rules of certain coding. The correctness and completeness of the Code given herein are not assured.

### 1.2. Internet Hyperlinks

The documentation may contain hyperlinks to the Internet. These hyperlinks are intended to serve as hints on where to find related information. The availability and the correctness of these links to serve a particular purpose are not warranted.

## 2. Prerequisites

To use the document, the following aspects are assumed:

- The BigCommerce Adapter has been obtained from the package provider or the official SAP Distribution Channels

## 3. Package content

This section provides the details of files that are included in the installation package.

### 3.1. Adapter

The BigCommerce Adapter installation package consists of the files below:

File Name	Description
BigCommerce Adapter for SAP Integration Suite.zip	The BigCommerce Adapter Package, for SAP Integration Suite, containing the BigCommerce Adapter.

## 4. Adapter Installation on Cloud Foundry

In order for the Adapter to be used in Cloud Foundry, SAP Integration Suite, it must be first deployed in an SAP Integration Suite tenant.

### 4.1. Installation of the Adapter through SAP Integration Suite Discover

The BigCommerce Adapter can be imported through the **Discover** section of SAP Integration Suite.

Proceed as follows to import the BigCommerce Adapter

1. Navigate to the "Discover" section
2. Search for "BigCommerce Adapter for SAP Integration Suite"
3. Select the "BigCommerce Adapter for SAP Integration Suite" package
4. Click "Copy" to copy the package into the "Design" workspace

5. Navigate to the “Design” section and select the “BigCommerce Adapter for SAP Integration Suite” package
6. Select “Artifacts” and choose the “Deploy” action to deploy the BigCommerce Adapter

## 4.2. Installation of the Adapter through Manual Import

### 4.2.1. Prerequisites

Before installing the BigCommerce Adapter using this approach, ensure that the following prerequisites are in place:

- The package “BigCommerce Adapter for SAP Integration Suite” should not be in the “Design” workspace of your SAP Integration Suite tenant. In case the package exists, it must be deleted.

Proceed as follows to import the BigCommerce Adapter

### 4.2.2. Procedure

Proceed as follows to import the BigCommerce Adapter:

1. Navigate to the “Design” section of SAP Integration Suite
2. Click “Import”
3. Select the “BigCommerce Adapter for SAP Integration Suite.zip”
4. Select the imported “BigCommerce Adapter for SAP Integration Suite” package
5. Navigate to “Artifacts”
6. Select the Actions button next to the name of the BigCommerce Adapter and click on Deploy.

### 4.2.3. Monitor the Deployment Status

After deploying the adapter, it is important to validate that it has been successfully deployed in the SAP Integration Suite tenant.

Proceed as follows:

1. Navigate to “Monitor -> Integrations & APIs”
2. Navigate to “Manage Integration Content”
3. Navigate to the BigCommerce Integration Adapter and validate the Status
